Statement of Results

Trainee Name:	National ID Number
MOHAMMED ABDULLAH AL DOSSARY	1101779039

Date of Examination
August 1, 2019

Result	Overall Score	CEFR Level
A2	130	A2

CEFR Level	Cambridge English Scale	Certified Results	Reading	Writing	Listening	Speaking
B2	170	Distinction				
	160	Merit				
B1	150	Pass				
	140					
A2	130	Level A2	112	147	108	154
	120					
	110					

The Preliminary English Test (PET) is an examination targeted at Level B1 in the Council of Europe's Common European Framework of Reference.

Candidates achieving a Pass with Distinction (between 160 and 170 on the Cambridge English Scale) receive the Preliminary English Test certificate stating that they have demonstrated ability at Level B2. Candidates achieving Pass with Merit or Pass (between 140 and 159 on the Cambridge English Scale) receive the Preliminary English Test certificate at Level B1.

Candidates whose performance is below Level B1, but falls within Level A2 (between 120 and 139 on the Cambridge English Scale), receive a Cambridge English certificate stating that they have demonstrated ability at Level A2.

Results

Pass with Distinction
Pass with Merit
Pass
Level A2

A summary of your ITQAN Vocational GPA and grade

What does your GPA mean?

A Grade Point Average or GPA will be used to show your overall level of achievement and to calculate your qualification grade. Calculated from your average attainment over 3 scored/graded assessments:

1. Summative knowledge test
2. Skills assessment
3. Graded portfolio

The table shows the classification of diploma you will receive according to your GPA scores:

Classification	Percentage Score		GPA	
	Low	High	Low	High
Distinction	80%	100%	3.2	4
Merit	70%	79%	2.8	3.16
Pass	50%	69%	2	2.76
Fail	0%	49%	0	1.96

What do your test scores mean?

Skills assessments have skill performance standards for grades A, B C, D and E which are used to determine the best fit grade for you. The grade point scores for the graded skills assessments and the graded portfolio are obtained by converting the grades awarded by the assessor to the equivalent scores below.

Test Score	Grade Point Score (GPS)	Classification Equivalent
A	4	Distinction
B+	3.5	Distinction
B	3	Merit
C+	2.5	Pass
C	2	Pass
D+	1.5	Fail
D	1	Fail
E	0.5	Fail

How does the weighting of assessments affect my final GPA and classification of diploma?

These weightings have been chosen to reflect the importance attached to practical competence and total weightings add up to 10. The combined grade point score (calculated from the knowledge test grade point score and skills assessment grade point score) is divided by 10 to give the GPA. Examples below show you the types of diploma classification you can achieve from your GPS.

What do your test scores mean?

The grade point score (GPS) for the summative knowledge test (a 60 mark MCQ test) is calculated by dividing your test score by 15 to produce the equivalent grade point score (GPS). The following table shows how typical test scores equate to Grade point scores and its equivalent diploma classification.

Test Score	Grade Point Score (GPS)	Classification Equivalent
60	4	Distinction
48	3.2	Distinction
47	3.13	Merit
42	2.8	Merit
41	2.73	Pass
30	2	Pass
29	1.93	Fail
20	1.33	Fail
0	0	Fail

How are my grades calculated?

Assessment outcomes reflect your overall knowledge and skills, with Pass/Merit/Distinction grading for the Trimester 3 assessments. A Grade Point Average (GPA) will be used to show your overall level of achievement and to determine the qualification grade for you. The GPA is calculated from the 3 scored/graded assessments (the portfolio, the summative knowledge test, and the skills assessment at the end of Trimester 3). The following steps are followed and the weightings are set out below:

- Calculate a grade point score from the learner's portfolio grade.
- Calculate a grade point score from the learner's knowledge test score.
- Calculate a grade point score from the learner's skills test grade.
- Calculate the GPA as the weighted average of the portfolio grade point score, the knowledge test grade point score, and the skills assessment grade point score.

The weightings used to calculate the GPA are as follows:

Assessment	Weighting
Portfolio	3
Summative knowledge test	2
Graded skills assessment	5

Learner	Portfolio		Knowledge		Skills		Grade points	GPA	Classification
	Grade point score	Weighting	Grade point score	Weighting	Grade point score	Weighting			
1	4	3	4	2	4	5	40	4	Distinction
2	3.5	3	3	2	3.5	5	34	3.4	Distinction
3	3	3	3	2	3	5	30	3	Merit
4	2.5	3	2.5	2	2.5	5	25	2.5	Pass
5	2	3	2	2	2	5	20	2	Pass
6	1.5	3	2	2	2	5	16	1.6	Fail

Principal

Mohamad Chamali
Vice Principal

A summary of your ITQAN Foundation GPA and grade

Course Credit:

The maximum credit per trimester is based on a maximum of 30 credit hours. In case the total number of hours is greater than 30, then we divide 30 by the total number of hours (34 at ITQAN) and then multiplied by the number of hours per week per course. Note: The calculations below are applicable to all Foundation courses throughout the duration of study.

Example 1: Trimester 1 courses

Table 1

Course	hours/week	no. of weeks	total hours	course credit
ICT1	2	15	30	1.8
MAI1	5	15	75	4.4
WSE1	2	15	30	1.8
ENG1	23	15	345	20.3
INI1	2	15	30	1.8
Total	34		510	30

Course credit of ICT1 = (hours per week) x (30/total number of hours per week) = 2 x (30/34) = 1.8 (rounded to 1 decimal place)

Grade Point Average Calculation:

Grade Point Average (GPA) is calculated based on all credit hours and grades, "A" to "F", earned whilst enrolled in the Foundation Year at ITQAN Institute. It is calculated by converting each letter grade into Grade Points, and then multiplying each grade by the number of course credits.

Table 3

Names	ICT 1	GP V	L G	MAI 1	GPV	L G	WSE 1	GP V	L G	ENG 1	GP V	L G	INI 1	GP V	L G
Trainee 1	100	5	A+	93	4.75	A	96	5	A+	83	4	B	99	5	A+

Table 4

Grade	% Trainee Result	Grade Point Value
A+ (Outstanding)	95 - 100 %	5.0
A (Excellent)	90 - 94%	4.75
B+ (Very good*)	85 - 89%	4.5
B (Very good)	80 - 84%	4.0
C+ (Good*)	75 - 79%	3.5
C (Good)	70 - 74%	3.0
D+ (satisfactory)	65 - 69%	2.5
D (satisfactory)	60 - 64%	2.0
F (Fail)	Below 60%	0.0

Average Grade:

To calculate the average grade for each trainee, first multiply each grade course by the number of hours per week for the corresponding course, then add them to get a global total grade. Finally, we divide this global grade by the total number of hours over the week (We divide by 34)

Table 2

Names	ICT1	MAI1	WSE1	ENG1	INI1	Total	Average
Trainee 1	100	93	96	83	99	471	88

Average = ((ICT1 grade x ICT1 credit hour) + (MAI1 grade x MAI credit hour) + (WSE1 grade x WSE1 credit hour) + (ENG1 grade x ENG1 credit hour) + (INI1 grade x INI1 credit hour))/total number of hours per week

Average = ((100x1.8) + (93x4.4) + (96x1.8) + (83x20.3) + (99x1.8))/34 = 88 (rounded up to the whole number)

Note: See table 1

Cumulative GPA Calculation:

Cumulative GPA is calculated based on the average grade (see example 2). For example, the average grade of trainee 1 in the table below is 88 which is between [85-89%]. This corresponds to a letter grade of B+ that is equivalent to 4.5 GPA. See table 5 below.

Table 5

Name	Trainee 1
ICT1	100
GPV	5.0
LG	A+
MAI1	93
GPV	4.75
LG	A
WSE1	96
GPV	5.0
LG	A+
ENG1	83
GPV	4.0
LG	B
INI1	99
GPV	5.0
LG	A+
Total	471
Average	88
Av.L	B+
CGPA	4.5
