About Me

Cybersecurity trainee with hands-on experience in Wazuh, Ansible, NetBox, and Docker. Skilled in log analysis, automation, and threat detection. Seeking to leverage technical and analytical skills in real-world defensive security operations.

Experience

- **Cybersecurity Intern – Al-Nitaq Al-Shabaki Company April 2025 -July 2025**
 - Deployed and maintained Wazuh for endpoint monitoring across mixed environments
 - Automated asset inventory collection from NetBox using Python + API
 - Built Ansible playbooks for remote Wazuh agent installation and configuration
 - Used WinRM to manage Windows devices through Ansible securely
 - Deployed infrastructure components using Docker
 - Worked on syncing infrastructure inventory dynamically for configuration management
-

Education

Diploma degree in Cybersecurity
Aug 2023 ----- 19 may 2025

King Abdelaziz University, Jeddah, Saudi Arabia

- Cumulative GPA:4.87 (1st honor)
-

Certifications

- **CompTIA Security+ Certified---22/02/2025**
 - Strong foundation in network security, threat analysis, and risk management.
 - Continuously learning to stay updated with cybersecurity trends.
-

Skills

Soft Skills

- Continuous Learning
- Adaptability
- Teamwork & Collaboration
- Time Management
- Problem-Solving
- Critical Thinking

Hard Skills

- SIEM: Wazuh (deployment, tuning, agent ops)
 - Inventory: NetBox (API sync, asset tracking)
 - Automation: Ansible (playbooks, WinRM, SSH)
 - Scripting: Python (API), Bash
 - Containers: Docker,
 - Systems: Linux (Mint/Ubuntu), Windows
-

Language

- Arabic: Native
- English: Upper-Intermediate
